

## From the President

I am honored to be able to invite you all to our 88th Annual Session. This year our theme is OWL (Openly Willing to Learn). Owls are a symbol of knowledge and wisdom, and we are all here to enhance our knowledge on some amazing topics! Thank you all for joining us back in Murfreesboro. We have some amazing speakers lined up this year. We will have a great market place and vendors for you to browse in your free time. Also we have a great way to support HyPAC this year. Be on the look out for that invite. This is a great time to

meet with friends that we have all made across the state, and I look forward to seeing all of you there as we are Openly Willing to Learn.

**Mike Tullos**  
TDHA President

- 1:00pm- 2:00pm **Reference Committee A & B**
- 2:00pm-4:00pm **Rhoda Kublikis- The Nasal and Respiratory Benefits of Xylitol**  
Rhoda has been practicing clinically since 1983. Her passion has allowed her to be a key opinion leader for ATRIDOX, American Eagle Instruments, Coltene, VOCO and Young Dental. She travels nationally to educate, motivate and coach dental professionals on the implementation of Xylitol protocols and be true Oral Systemic Health Advocates for their patients.
- 4:30pm-5:30pm **Legislative Update- Mike Bivens**  
\*Included for all delegates
- 6:30pm-8:30pm **HYPAC Event** \*Offsite with separate registration

## Saturday April 22

- 7:00am-3:00pm **Registration**
- 8am-9:30am **Second House of Delegate**
- 8:30am-10:30am **Table Clinics**
- 10:30am-11:30am **Break/Visit Exhibits**
- 11:30am-1:00pm **Awards Luncheon/Officer Installation**
- 1:00pm-1:30pm **Break/Visit Exhibits**
- 1:30pm-4:30pm **Sherri Lukes- Oral Pathology Cases and Concepts**  
An overview of pathologic conditions. Etiology clinical appearance, treatment options and relevance to dental hygiene are included for each lesion/condition. The course includes both common and uncommon conditions. Most images are from cases observed while in academia, as well as those encountered during annual mission work in Central Mexico. Comparison images for inclusion in the differential diagnosis will also be presented and discussed encouraging dental professionals to utilize all patient information when analyzing lesions. This course can serve as an excellent update for seasoned hygienists/dentists or a relevant review for new graduates entering the field.
- 4:30pm-6:00pm **New BOT Orientation/Post Annual Session BOT**
